*A*s a parent you know that your child's learning environment impacts much more than just grades. It influences how they grow socially, emotionally, academically, and physically. Families who are able to find the right fit see their children thrive in the classroom and beyond.

### *So what exactly warrants a switch?*

There are a lot of good reasons to consider changing schools. Maybe you're relocating and your current school will no longer be accessible. Perhaps your child is dealing with social issues and you're looking for a more positive atmosphere. Many families desire a small-school environment where their child gets better individualized support. And in today's ever-changing world, flexibility is key. Parents and students alike want to know that education will not be compromised no matter what comes their way.

### *Whatever your reasons, we're glad you're here.*

Xceed Preparatory Academy is a dynamic learning environment for middle and high school students. This guide was designed for parents and families just like you — who are exploring a change and want to make sure they get it right. On the pages ahead, we'll walk you through our educational model, show you the opportunities your child will have as an Xceed student, and provide you with details on next steps.

The switching process is simple, and we're here to help. If you have any questions, please contact us at (954) 803-1230 or [admissions@xceedprep.org](mailto:admissions@xceedprep.org). We look forward to meeting you!
